Tailor-Made Tours The best way to understand what is meant by a "Tailor-Made battlefield tour", is to read some of our "Tailor-Made" tour examples, They contain lots of information about the different types of groups that we organise battlefield tours for and the different itineraries that we can arrange. We hope that these examples help to portray the camaraderie generated by our groups and the relaxed, no rush atmosphere that exists during our tours. Our tour highlights from past years can also provide you with some added inspiration!**What is Included?**

- Door to door pick up and drop off
- Euro Tunnel channel crossing (as standard)
- En suite accommodation
- Breakfast, Lunch and Evening meals
- Museum entry fees
- Personalised research (offered to all customers, not just the tour leader)
- Tailor-Made tour pack

- I personally guide all our tours and remain with the group throughout the tour**What is the cost?**The cost per person depends on how many customers travel, the type of transport, the quality of accommodation and the length of tour. As a guide, a group of six adults travelling from the U.K for four days with three nights accommodation in a 3 star hotel would expect to pay an all inclusive price of £585 per person, based on twin/double room accommodation. As the group size increases the cost per person will decrease.For further information please read our terms and conditions
